Introduction

Dear Student,

You have been provided with an active travel insurance policy which is underwritten by KOOPERATIVA poisťovňa, a. s., Vienna Insurance Group and serviced by One Team Health (OTH).

Hereafter, you can find main relevant information of your insurance coverage as well as the procedures to follow in case you need to receive medical care or want to get a reimbursement of your claim.

Please contact OTH if you have any questions regarding your medical benefits, how to file a claim, or status of a claim you have filed.

Please, always have your insurance ID card with you either available on your phone or printed on paper! When going to visit a doctor or to the hospital, be sure to have access to your card so that you can show it to the medical representatives to proof coverage and benefit from direct billing.

For detailed information of this benefit and a list of covered sports please refer to the policy document.

How to use your Insurance Plan

If you become ill or injured: How to find a medical provider within the Medical Network?

Your policy gives access to the Aetna Passport to Healthcare Network. Medical providers who belong to this network are considered preferred providers and have a contract with your policy's administrator to bill them direct for services rendered to their participants. This means for eligible expenses under your policy, a preferred provider will bill One Team Health (OTH) direct at the time of service and you don't have to pay upfront for it.

You are only responsible for any deductible or copayment.

You can search for a preferred network provider (Urgent care clinic or Walk-In clinic) yourself via the link below:

[Provider Search - Home \(aetna.com\)](#)

To find a provider on the website, you need to:

- Enter your location where you need medical care
- Select "Primary PPO Network" first, if you don't find an appropriate provider, select "Secondary PPO Network"
- Enter the type of care you look for; or
- Search per category

OTH can also help you find a provider in the preferred provider organization (PPO) network (Aetna) in the United States.

You can contact OTH under the following contact details:

OTH 24/7 Customer Service:

US Toll-Free Phone line: 1.888.387.0040

Pre-Authorization is required for Certain Services

The following treatments and/or supplies must always be pre-authorized.

Failure to Pre-Authorize may result in 50% reduction of eligible expenses up to \$1,000 maximum penalty:

- In-Patient Hospitalization
- Outpatient Surgery
- All CAT scans, MRIs, PET Scans
- Air Ambulance (this service will be coordinated by the underwriter's Air Ambulance Provider)
- Specialty Treatments and Highly Specialized Drugs
- Physical Therapy and Rehabilitation Services

Please submit a completed Pre-Authorization Request Form to OTH a minimum of 5 business days prior to the scheduled procedure or treatment date.

For more information, please call OTH Customer Service at: 1.888.387.0040

In case of Medical Emergency, no pre-authorization is required. However, medical emergency notifications must be received within 48 hours of the admission or procedure.

Don't use an Emergency Room (ER) unless you are having a serious or life-threatening medical problem!

Unless you have a life-threatening illness or injury, OTH requires that you contact them for triage prior to seeking medical care.

Services rendered in the emergency room are extremely expensive in the USA, so you need to carefully determine whether or not it is appropriate to go there for treatment. Do not go to the ER only because it is the only place open or for treatment of a minor illness or injury. There are alternatives to the ER. In fact, if you go to the ER for a non-serious condition, be prepared to wait a very long time as patients with more serious conditions will take priority. In addition, if you are not admitted to the hospital, you will be billed a \$150 copayment in addition to any applicable deductible or co-insurance. Go to the emergency room only for serious or life-threatening conditions such as: uncontrolled bleeding, difficulty breathing, severe burns, slurred speech, chest pains.

Use an Urgent Care or Walk-In Clinic

The alternative to the ER is an Urgent Care Center sometimes referred to as either Walk-In Clinics or Convenient Care. Urgent Care is for same day treatment, but it is not for serious or life-threatening conditions. If the condition you have is one that you would normally visit your doctor's office, then you should go to Urgent Care instead of the ER although Urgent Care is not intended for routine preventive care. Urgent Care has extended hours and is open weekends and some holidays. No appointment is necessary although you do want to visit one in network if possible ([Provider Search - Home \(aetna.com\)](#))- and select Passport to Healthcare Primary PPO Network or call OTH Customer Service at 1.888.387.0040.

Go to Urgent Care for non-emergency conditions such as:

- Sore throat, Common Cold or Respiratory Infections
- Ear pain, Eye or Skin Infections
- Allergies
- Painful urination
- Vomiting
- Minor injury (sprains/strains)
- Minor broken bones (such as hand, fingers, foot, toes).

All pre-existing Medical Conditions are excluded from Coverage under this Policy

Pre-Existing Condition means any medical condition, sickness, Injury, Illness, disease, Mental Illness or Mental Nervous Disorder, regardless of the cause including any Congenital, chronic, subsequent, or recurring complications or consequences related thereto or resulting therefrom that with reasonable medical certainty existed at the time of application, whether or not previously manifested, symptomatic, known, diagnosed, treated, or disclosed. This specifically includes, but is not limited to, any medical condition, sickness, Injury, Illness, disease, Mental Illness or Mental Nervous Disorder, for which medical advice, diagnosis, care or treatment was recommended or received or for which a reasonably prudent person would have sought treatment whenever before the Policy Effective Date and any medically recognized complication or recurrence of a medication condition including, but not limited to, follow-up exams, investigations, medications, change of type of medication or change of dosage of medication, and in general all medical and laboratory exams, x-rays, etc. related to such condition. Pre-Existing Conditions are not covered under this Policy, except for Emergency Treatment.

Routine Health Checkups or Preventive Care are NOT covered under this Policy Plan

This policy is only intended to cover you for an eligible illness or injury which you incur during your program. The policy does not provide any coverage for routine care such as annual gynecological exams, school or sports physicals, or immunizations.
